

SPECIFICATION FOR ARCHITECTURAL FINISHES-ADDITIONAL AREAS

SN	Location	Floor Finish	Wall Finish	Ceiling Finish
SUPPORT FACILITY AREA				
1	Physics QA rooms	Vitrified tiles (Scratch Resistant)	Emulsion paint /Antifungal Enamel paint	G.I Powder coated metal false ceiling
2	CT Simulator, MRI simulator rooms.	Vitrified tiles	Polyurethane paint	GI Coil coated metallic ceiling / modular clean room Panels '(Modular OT)
3	Preparation rooms/Nurses station/Anesthetist, Recovery , Clean utility rooms	Vitrified tiles	Ceramic tile dado up to door frame top and above Emulsion paint	G.I Powder coated metal false ceiling
4	Conference/Meeting Room	Wooden flooring	Perforated Panel boards	Mineral Fiber (Acoustic)
5	Dirty utility area	Vitrified tiles (Scratch Resistant)	Ceramic tile dado up to door frame top and above Emulsion paint	G.I Powder coated metal false ceiling
6	Computer server rooms	Anti-static False flooring.	Emulsion paint	G.I Powder coated metal false ceiling
7	Treatment rooms, Joint Clinic etc.	Vitrified tiles	Ceramic tile dado up to door frame top and above Emulsion paint	G.I Powder coated metal false ceiling
8	Café, Coffee rooms	Vitrified tiles (Scratch Resistant)	Ceramic tile dado up to door frame top and above Emulsion paint	G.I Powder coated metal false ceiling
9	Book Shop, Library	Vitrified tiles (Scratch Resistant)	Ceramic tile dado up to 1.50 M height and above Emulsion paint	G.I Powder coated metal false ceiling
10	Children Play Area	Ceramic tiles - Matt Finish	Designer tiles - dado up to door frame top and above Emulsion	G.I Powder coated metal false ceiling

SPECIFICATION FOR ARCHITECTURAL FINISHES-ADDITIONAL AREAS

11	Clinical research room/ Housekeeping rooms.	Vitrified tiles (Scratch Resistant)	Emulsion/Antifungal Enamel paint	G.I Powder coated metal false ceiling
12	Trial rooms	Vitrified tiles	Emulsion paint	G.I Powder coated metal false ceiling
