- ❖ HLL may appoint a committee for scrutiny of the technical details submitted by participants. HLL may reject all proposals if they are found to be unresponsive or unsuitable if they represent major deficiencies in complying with the requirements.

16. EOI Validity

- 16.1** Bids shall remain valid for the period of 3 years from the date of opening of the bid as specified in the EOI. A bid valid for a shorter period shall be rejected by HLL as non-responsive.
- 16.2** In exceptional circumstances, prior to expiry of the original bid validity period, the Tendering Authority may request the bidders to extend the period of validity for a specified additional period. The request and the responses thereto shall be made in writing or by email. The Bidders, who agree to extend the bid validity, are to extend the same without any change or modification of their original bid.
- 16.3** In case the day up to which the bids are to remain valid falls on/ subsequently declared a holiday or closed day for the HLL, the bid validity shall automatically be extended up to the next working day.

17. Digital Signing of Bid

- 17.1** The Bidders shall submit their bids as per the instructions contained in GIT. Bids shall be uploaded with all relevant EOI documents in the prescribed format. The relevant

EOI documents should be uploaded by an authorised person having Class 3 digital signature certificate.

C. SUBMISSION OF BIDS

18. Submission of e-BIDs

- 18.1** The bid shall be submitted online only with all the documents as per Clause No. 10.
- 18.2** The Bidders must ensure that they submit the on-line bids within the scheduled closing date & time.
- 18.3** The EOI Inviting Authority shall not be responsible for any failure, malfunction or breakdown of the electronic system while downloading or uploading the documents by the Participant during the e-procurement process.
- 18.4** HLL Lifecare Limited reserves the right to verify the credential submitted by the agency at any stage (before or after the award the work). If at any stage, any information / documents submitted by the applicant is found to be incorrect / false or have some discrepancy which disqualifies the firm then HLL shall take the following action:
The agency shall be subjected to debarment from participating in future EOIs floated by HLL Lifecare Limited, in addition to any other contractual or legal actions deemed appropriate.

19. Late bids:

- 19.1** There is NO PROVISION of uploading late bid beyond stipulated date & time in the e-tendering system.

20. Alteration and Withdrawal of Bid

- 20.1** The Bidder is permitted to change, edit or withdraw its bid on or before the end date & time of bid opening.

E. BID OPENING

21. Opening of Bids

- 21.1** The HLL will open the e-Bids through online at the specified date and time and at the specified place as indicated in the Notice Inviting Expression of Interest. In case the specified date of Bid opening falls on / is subsequently declared a holiday or closed day

for the HLL, the Bids will be opened at the appointed time and place on the next working day.

- 21.2** Authorized representatives of the Bidders, who have submitted Bids on time, may attend the Bid opening provided they bring with them letters of authority from the corresponding Bidders. The Bid opening official(s) will prepare a list of the representatives attending the Bid opening. The list will contain the representatives' names & signatures and corresponding Bidders' names and addresses.
- 21.3** The Bids shall be scrutinized and evaluated by the competent committee/ authority with reference to parameters prescribed in the EOI document.

F. SCRUTINY AND EVALUATION OF BIDS

22. Basic Principle

- 22.1** Bids will be evaluated on the basis of the terms & conditions already incorporated in the EOI document, based on which bids have been received and the terms, conditions etc. mentioned by the Bidders in their bids. No new condition will be brought in while scrutinizing and evaluating the Bids.

23. Scrutiny of BIDs

- 23.1** HLL will examine the BIDs to determine whether they are complete, whether required sureties have been furnished and, whether the documents uploaded are in legible form.
- 23.2** The HLL's determination of a BID's responsiveness is to be based on the contents of the BID itself without recourse to extrinsic evidence.
- 23.3** The BIDs will be scrutinized to determine whether they are complete and meet the essential and important requirements, conditions etc. as prescribed in the TE document. The BIDs, which do not meet the basic requirements, are liable to be treated as non-responsive and will be summarily ignored.
- 23.4** The following are some of the important aspects, for which a BID shall be declared non-responsive during the evaluation and will be ignored;
- (i) BID validity is shorter than the required period.
 - (ii) Bidder has not agreed to give the required performance security of required amount in an acceptable form in terms of GCC, read with modification, if any, in- "Special Conditions of Contract", for due performance of the contract.
 - (iii) Poor/ unsatisfactory past performance.

- (iv) Bidders who stand deregistered/banned/blacklisted by any Govt. Authorities.
- (v) Bidder is not eligible as per GIT Clauses.
- (vi) Bidder has not agreed to other essential condition(s) specially incorporated in the BID enquiry, like delivery terms, delivery schedule, terms of payment, liquidated damages clause, warranty clause, dispute resolution mechanism applicable law.

24. Minor Informality/Irregularity/Non-Conformity

24.1 If during the preliminary examination, the HLL find any minor informality and/or irregularity and/or non-conformity in a BID, the HLL may waive the same provided it does not constitute any material deviation and financial impact and, also, does not prejudice or affect the ranking order of the BIDs. Wherever necessary, the HLL will convey its observation on such 'minor' issues to the Bidder by registered/speed post etc. asking the Bidder to respond by a specified date. If the Bidder does not reply by the specified date or gives evasive reply without clarifying the point at issue in clear terms, that BID will be liable to be ignored.

25. Qualification Criteria

- 25.1** Bids which do not meet the required Qualification Criteria, will be treated as non-responsive and will not be considered further.
- 25.2** The HLL reserves the right to relax the Norms on Prior Experience for Start-ups and Micro & Small Enterprises in Public Procurement. The Start-ups are defined in Annexure-A of the "Action Plan for Start-ups in India". The same is available on the website of Department of Industrial policy and Promotion (DIPP), Ministry of Commerce & Industry.

26. Additional Factors and Parameters for Evaluation and Ranking of Responsive BIDs

- 26.1** RESTRICTIONS UNDER RULE 144 (XI) OF GFR 2017 FOR BIDDER(S) FROM COUNTRY SHARING LAND BORDER WITH INDIA: Any Bidder(s) from a country which shares a land border with India will be eligible to bid in this tender only if the Bidder(s) is registered with Competent Authority, as per order no F.No.6/18/2019-PPD dated 23-July-2020 (Rule 144 (xi) of GFR) inclusive of the latest amendments issued by Ministry of Finance, GOI at Appendix of this bidding document. The Bidder(s) must comply with all provisions mentioned in this order.

26.2 PURCHASE PREFERENCE TO MICRO AND SMALL ENTERPRISES (MSE's):

Purchase preference will be given to MSEs as defined in Public Procurement Policy for Micro and Small Enterprises (MSEs) Order, 2012 dated 23.03.2012 issued by Ministry of Micro, Small and Medium Enterprises and its subsequent Orders/Notifications issued by concerned Ministry. However, the preferences with respect to MSME shall not be applicable who are only involved the trading of the product under the scope of this tender.

26.3 PROVISIONS OF PUBLIC PROCUREMENT (PREFERENCE TO MAKE IN INDIA)

ORDER 2017: Statutory exemptions as per relevant guidelines shall be applicable for MSE Bidder(s). Preferences for Make in India products / services shall be applicable in line with Government Order No.P-45021/12/2017PP (BE-II), 2017 (published by Department for Promotion of Industry and Internal Trade) inclusive of the latest amendments.

27. Bidder's capability to perform the contract

27.1 The HLL, through the above process of BID scrutiny and BID evaluation will determine to its satisfaction whether the Bidder, whose BID has been determined as responsive BID is eligible, qualified and capable in all respects to perform the contract satisfactorily. If, there is more than one schedule in the List of Requirements, then, such determination will be made separately for each schedule.

27.2 The above-mentioned determination will, inter-alia, take into account the Bidder's financial, technical and production capabilities for satisfying all the requirements of the HLL as incorporated in the TE document. Such determination will be based upon scrutiny and examination of all relevant data and details submitted by the Bidder in its BID as well as such other allied information as deemed appropriate by the HLL.

28. Contacting the HLL

28.1 From the time of submission of BID to the time of awarding the contract, if a Bidder needs to contact the HLL for any reason relating to this EOI enquiry and / or its EOI, it should do so only in writing.

28.2 In case a Bidder attempts to influence the HLL in the HLL's decision on scrutiny, comparison & evaluation of BIDs and awarding the contract, the BID of the Bidder shall be liable for rejection in addition to appropriate administrative actions being taken against that Bidder, as deemed fit by the HLL.

G. AWARD OF CONTRACT

- 29. HLL's Right to accept any BID and to reject any or all BIDs:** The HLL reserves the right to accept in part or in full any BID or reject any or more BID(s) without assigning any reason or to cancel the bidding process and reject all BIDs at any time prior to award of contract, without incurring any liability, whatsoever to the affected Bidder or Bidders.
- 30. Award Criteria:** The empanelment under this EOI shall be category-wise, based on the eligibility and technical evaluation of the applicants. Upon identification of a suitable partner for a specific project, a Letter of Intent (LoI) shall be issued outlining the project-specific terms and conditions. The LoI will be provided only after mutual finalization of all relevant operational, technical, and commercial parameters.
- 31. Issue of Contract:** Promptly after Letter of Intent (LoI), the HLL will mail the Agreement format which should be taken in the stamp paper at the bidder cost and submit back to HLL within 7 days of the issuance of LoI, the duly completed and signed Agreement copy.
- 32. Non-receipt of LoI acceptance, Performance Security and Contract by the HLL:** The selected bidder shall also be liable to remit the performance security to HLL as decided by HLL, based on the nature and scale of the project awarded. Failure of the successful bidder to provide the signed acceptance of the Letter of Intent (LoI), submit the required performance security, or return the duly signed contract within the prescribed timeline shall be treated as non-compliance with the terms of engagement. In such cases, HLL reserves the right to cancel the LoI and initiate appropriate action as per the provisions outlined EOI. HLL may also proceed to engage another eligible empanelled partner for the assignment, without any liability towards the initially selected bidder.
- 33. Corrupt or Fraudulent Practices**
- 33.1** It is required by all concerned namely the Bidders to observe the highest standard of ethics during the procurement and execution of such contracts. In pursuance of this policy, the HLL: -
- (a) defines, for the purposes of this provision, the terms set forth below as follows:

- (i) “corrupt practice” means the offering, giving, receiving or soliciting of anything of value to influence the action of a public official in the procurement process or in contract execution; and
 - (ii) “fraudulent practice” means a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of the HLL, and includes collusive practice among Bidders (prior to or after BID submission) designed to establish BID prices at artificial non-competitive levels and to deprive the HLL of the benefits of free and open competition;
- (b) will reject a proposal for award if it determines that the Bidder recommended for award has engaged in corrupt or fraudulent practices in competing for the contract in question;
- (c) will declare a firm ineligible, either indefinitely or for a stated period of time, to be awarded a contract by the HLL if it at any time determines that the firm has engaged in corrupt or fraudulent practices in competing for, or in executing the contract.

33.2 Confidentiality

- i. Information relating to the examination, clarification, evaluation, and comparison of Bids and recommendations for the award of a contract shall not be disclosed to Bidder(s) or any other persons not officially concerned with such process until the award has been announced in favour of the successful Bidder(s).
- ii. Any effort by a Bidder(s) to influence the Purchaser during processing of bids, evaluation, bid comparison or award decisions shall be treated as Corrupt & Fraudulent Practices and may result in the rejection of the Bidder(s)' bid.

SECTION – III

SPECIAL INSTRUCTIONS TO BIDDERS (SIT)

The following Special Instructions to Bidders will apply for this EOI. These special instructions will modify/substitute/supplement the corresponding General Instructions to Bidders (GIT) incorporated in Section II. The corresponding GIT clause numbers have also been indicated in the text below:

In case of any conflict between the provision in the GIT and that in the SIT, the provision contained in the SIT shall prevail.

1. Application

- 1.1 The General Conditions of Contract incorporated in this section shall be applicable for this purchase to the extent the same are not superseded by the Special Conditions of Contract.

2. Use of contract documents and information

- 2.1 The **(Selected Party)** shall not, without the HLL's prior written consent, disclose the contract or any provision thereof including any specification, drawing, sample or any information furnished by or on behalf of the HLL in connection therewith, to any person other than the person(s) employed by the **(Selected Party)** in the performance of the contract emanating from this TE document. Further, any such disclosure to any such employed person shall be made in confidence and only so far as necessary for the purposes of such performance for this contract.
- 2.2 Further, the **(Selected Party)** shall not, without the HLL's prior written consent, make use of any document or information mentioned in GCC sub-clause 2.1 above except for the sole purpose of performing this contract.
- 2.3 Except the contract issued to the **(Selected Party)**, each and every other document mentioned in GCC sub-clause 2.1 above shall remain the property of the HLL and, if advised by the HLL, all copies of all such documents shall be returned to the HLL on completion of the **(Selected Party)**'s performance and obligations under this contract.

3. Patent Rights

- 3.1 All patent rights and intellectual property developed during the execution of projects undertaken in association with the empanelled party shall exclusively vest with HLL Lifecare Limited. The partner shall not claim any ownership or rights over such technologies, processes, or outputs developed under the scope of the assigned project. Any inventions, innovations, or improvements arising from the collaboration shall be deemed the sole property of HLL.

4. Performance Security

- 4.1 Within fifteen (15) days from date of the issue of Letter of award by the HLL, the **(Selected Party)**, shall furnish performance security to the HLL. The amount of performance security shall be determined based on the total value of the specific project awarded to the party.

- 4.2** The Performance security shall be denominated in Indian Rupees or in the currency of the contract as detailed below: It shall be in any one of the forms namely Account Payee Demand Draft or direct fund transfer.
- 4.3** In the event of any failure /default of the **(Selected Party)** with or without any quantifiable loss to the HLL, the amount of the performance security is liable to be forfeited.
- 4.4** In the event of any amendment issued to the contract, the **(Selected Party)** shall, within seven (7) days of issue of the amendment, furnish the corresponding amendment to the Performance Security (as necessary), rendering the same valid in all respects in terms of the contract, as amended.

5. Inspection, Testing and Quality Control

- 5.1** Inspection, testing, and quality control of all activities and outputs under the assigned projects shall be carried out as per the standards and procedures prescribed by HLL and the respective project requirements.

6. Insurance

- 6.1** The empanelled party shall ensure adequate insurance coverage for personnel, equipment, and operations related to the assigned project, as per applicable laws and project requirements.

7. Assignment

- 7.1** The **(Selected Party)** shall not assign, either in whole or in part, its contractual duties, responsibilities and obligations to perform the contract, except with the HLL's prior written permission.

8. Modification of Contract

- 8.1** If necessary, the HLL may, by a written order given to the **(Selected Party)** at any time during the period of the contract, amend the contract by making alterations and modifications.

9. Taxes and Duties

- 9.1** **(Selected Party)** shall be entirely responsible for all taxes, duties, fees, levies etc. incurred until delivery of the contracted goods to the HLL.
- 9.2** Further instruction, if any, shall be as provided in the SCC.

10. Terms and mode of payment

10.1 Payment Terms

10.1.1 Schedule of Payments

- ✓ No Advance payment shall be given.
- ✓ The amount shall be paid by HLL in Indian Rupees.
- ✓ Specific payment terms applicable to projects shall be mentioned in the second stage of bidding process.

11. Termination for default

- 11.1** HLL, without prejudice to any other contractual rights and remedies available to it, may, by written notice of default sent to the **(Selected Party)**, terminate the contract in whole or in part, if the **(Selected Party)** fails to deliver any or all of the services or fails to perform any other contractual obligation(s) within the time period specified in the contract, or within any extension thereof granted by the HLL pursuant to GCC.
- 11.2** In the event of the HLL terminates the contract in whole or in part, pursuant to GCC, the HLL may procure services similar to those cancelled, with such terms and conditions and in such manner as it deems fit and the **(Selected Party)** shall be liable to the HLL for the extra expenditure, if any, incurred by the HLL for arranging such procurement.
- 11.3** Unless otherwise instructed by the HLL, the **(Selected Party)** shall continue to perform the contract to the extent not terminated.

12. Termination for insolvency

- 12.1** If the **(Selected Party)** becomes bankrupt or otherwise insolvent, the HLL reserves the right to terminate the contract at any time, by serving written notice to the **(Selected Party)** without any compensation, whatsoever, to the **(Selected Party)** subject to further condition that such termination will not prejudice or affect the rights and remedies which have accrued and / or will accrue thereafter to the HLL.

13. Force Majeure

- 13.1** Notwithstanding the provisions contained in GCC clauses, the **(Selected Party)** shall not be liable for imposition of any such sanction so long the delay and/or failure of the

(Selected Party) in fulfilling its obligations under the contract is the result of an event of Force Majeure.

- 13.2** For purposes of this clause, Force Majeure means an event beyond the control of the **(Selected Party)** and not involving the **(Selected Party)**'s fault or negligence and which is not foreseeable and not brought about at the instance of , the party claiming to be affected by such event and which has caused the non – performance or delay in performance. Such events may include, but are not restricted to, wars or revolutions, hostility, acts of public enemy, civil commotion, sabotage, fires, floods, explosions, epidemics, quarantine restrictions, strikes excluding by its employees, lockouts excluding by its management, and freight embargoes.
- 13.3** If a Force Majeure situation arises, the **(Selected Party)** shall promptly notify the HLL in writing of such conditions and the cause thereof within twenty-one days of occurrence of such event. Unless otherwise directed by the HLL in writing, the **(Selected Party)** shall continue to perform its obligations under the contract as far as reasonably practical and shall seek all reasonable alternative means for performance not prevented by the Force Majeure event.
- 13.4** If the performance in whole or in part or any obligation under this contract is prevented or delayed by any reason of Force Majeure for a period exceeding sixty days, either party may at its option terminate the contract without any financial repercussion on either side.
- 13.5** In case due to a Force Majeure event the HLL is unable to fulfil its contractual commitment and responsibility, the HLL will notify the **(Selected Party)** accordingly and subsequent actions taken on similar lines described in above sub-paragraphs.

14. Termination of convenience

- 14.1** The HLL reserves the right to terminate the contract, in whole or in part for its (HLL's) convenience, by serving written notice on the **(Selected Party)** at any time during the currency of the contract. The notice shall also indicate inter-alia, the extent to which the **(Selected Party)**'s performance under the contract is terminated, and the date with effect from which such termination will become effective.
- 14.2** The services which are complete and ready in terms of the contract for delivery and performance within thirty days after the **(Selected Party)**'s receipt of the notice of termination shall be accepted by the HLL following the contract terms, conditions and prices. For the remaining goods and services, the HLL may decide:

- a) To get any portion of the balance completed and delivered at the contract terms, conditions and prices; and / or
- b) To cancel the remaining portion of the services and compensate the **(Selected Party)** by paying an agreed amount for the cost incurred by the **(Selected Party)** towards the remaining portion of the goods and services.

15. Governing language

- 15.1** The contract shall be written in English language following the provision as contained in GIT. All correspondence and other documents pertaining to the contract, which the parties exchange, shall also be written accordingly in that language.

16. Notices

- 16.1** Notice, if any, relating to the contract given by one party to the other, shall be sent in writing by speed post/ Regd. Post or by email. The procedure will also provide the sender of the notice, the proof of receipt of the notice by the receiver. The addresses of the parties for exchanging such notices will be the addresses as incorporated in the contract.
- 16.2** The effective date of a notice shall be either the date when delivered to the recipient or the effective date specifically mentioned in the notice, whichever is later.

17. Resolution of disputes

- 17.1** If dispute or difference of any kind shall arise between the HLL and the **(Selected Party)** in connection with or relating to the contract, the parties shall make every effort to resolve the same amicably by mutual consultations.
- 17.2** Jurisdiction of the court will be from the place where the EOI enquiry document has been issued, i.e., Thiruvananthapuram, India.

18. Applicable Law

- 18.1** The contract shall be governed by and interpreted in accordance with the laws of India for the time being in force.

19 Withholding and Lien in respect of sums claimed

- 19.1** Whenever any claim for payment arises under the contract against the **(Selected Party)**, the HLL shall be entitled to withhold and also have a lien to retain such sum from the security deposit or sum of money arising out of under any other contract made by the

(Selected Party) with the HLL, pending finalization or adjudication of any such claim. It is an agreed term of the contract that the sum of money so withheld or retained under the lien referred to above, by the HLL, will be kept withheld or retained till the claim arising about of or under the contract is determined by the competent court as the case may be, and the **(Selected Party)** will have no claim for interest or damages whatsoever on any account in respect of such withholding or retention.

20. General/ Miscellaneous Clauses

- 20.1** Any failure on the part of any Party to exercise right or power under this Contract shall not operate as waiver thereof.
- 20.2** The **(Selected Party)** shall notify the HLL of any material change would impact on performance of its obligations under this Contract.
- 20.3** The **(Selected Party)** shall, at all times, indemnify and keep indemnified the HLL against any claims in respect of any damages or compensation payable in consequences of any accident or injury sustained or suffered by its employees or agents or by any other third party resulting from or by any action, omission or operation conducted by or on behalf of the **(Selected Party)** its associate/affiliate etc.
- 20.4** All claims regarding indemnity shall survive the termination or expiry of the contract.
- 20.5** In case of any difference in interpretation of any clauses in the EOI or in subsequent of any of the contract documents, then the interpretation of the HLL shall be considered.
- 20.6** If any provisions of this EOI enquiry or a contract formed on the basis of this EOI enquiry are invalid or void under any of the existing provisions of Indian law, then such provisions will not affect other provisions of this EOI enquiry/ contract.
- 20.7** The offered Service or its related procurement, if any shall not from those countries sharing borders with India and not restricted UNDER RULE 144 (XI) OF GFR 2017.
- 20.8** Conflict of Interest: The selected Strategic Partners shall not engage in activities that are in conflict with interest of the client (HLL) under the assignment and they would not engage in any contract that would be in conflict of interest with their current obligations. The selected Strategic Partner that has a business of family relationship with such members of HLL staff who are directly or indirectly involved in this assignment will not be awarded the assignment.

SECTION – V

SPECIAL CONDITIONS OF CONTRACT (SCC)

The following Special Conditions of Contract (SCC) will apply for this purchase. The corresponding clauses of General Conditions of Contract (GCC) relating to the SCC stipulations have also been incorporated below.

These Special Conditions will modify/substitute/supplement the corresponding (GCC) clauses. Whenever there is any conflict between the provision in the GCC and that in the SCC, the provision contained in the SCC shall prevail.

NO SCC in this EOI

SECTION – VI

SCOPE

1. BACK GROUND:

The Sustainable Projects Division (SPD) of HLL Lifecare Limited invites Expressions of Interest (EOI) from experienced and technically competent partners for empanelment to support and implement Renewable Energy initiatives across India. This empanelment seeks to create a dynamic ecosystem of partners who can collaboratively contribute to the design, execution, and maintenance of clean energy projects that align with SPD's vision of carbon neutrality and environmental resilience. SPD's focus in this domain includes solar energy systems, bioenergy, hybrid energy models, energy storage, and energy efficiency interventions. Partners are expected to offer innovative, scalable, and cost-effective renewable energy solutions tailored to Indian geographies, especially in rural, remote, and underserved areas. The empanelment aims to support institutions like schools, anganwadis, health centers, and administrative facilities with clean energy alternatives to improve service delivery while reducing environmental impact also. SPD emphasizes not only technology deployment but also stakeholder training, behaviour change communication, and awareness creation to ensure long-term sustainability. Through this EOI, HLL aims to identify and collaborate with technology providers, EPC contractors, and turnkey solution providers who share its vision for inclusive and climate-conscious development. The initiative aligns with national missions and policies such as the National Solar Mission, PM-KUSUM, and India's commitments under the Paris Agreement.

Empanelled partners will be expected to demonstrate technical expertise, past project performance, and a clear approach to implementation and operations & maintenance (O&M) services. Key areas of collaboration may include rooftop and ground-mounted solar PV systems, solar-powered lighting and pumping systems, bioenergy and biogas plants, hybrid solar-wind systems, and decentralized energy storage solutions. SPD also welcomes proposals for pilot projects in emerging clean energy technologies like green hydrogen and fuel cell applications, particularly where they can be integrated with public health or civic infrastructure. Emphasis will be placed on proposals that ensure reliability, efficiency, and measurable impact through robust performance monitoring and O&M frameworks. SPD encourages applications from organizations with the capacity to scale and replicate solutions across multiple states and sectors. All selected partners will be empanelled for potential collaboration in HLL's upcoming renewable energy projects nationwide.

This EOI provides an opportunity for technology developers, system integrators, social enterprises, and sustainability-oriented firms to become part of a long-term platform driving the clean energy transition in India. Proposals should include detailed technical solutions, implementation methodologies, operations and maintenance strategies, and a description of the proposed partnership model. The empanelment is expected to accelerate India's journey toward achieving its renewable energy targets while promoting green jobs and enhancing energy equity. By leveraging the collective strengths of its partners, HLL aims to transform public infrastructure into low-carbon, resilient systems that support inclusive growth and environmental stewardship. The selected partners will contribute not only to technology deployment but also to capacity building, awareness generation, and policy-level insights that inform sustainable development. Through this EOI, SPD of HLL Lifecare Limited reinforces its commitment to building resilient communities and institutions powered by clean, affordable, and sustainable energy. Apart from the below, participants are encouraged to put forward offers with respect to any other potential areas / opportunities / products / services. The details are mentioned in respective schedules.

2.A Obligations of HLL Lifecare Limited

- ✓ Act as the official interface with government bodies, local authorities, and regulatory agencies to ensure compliance, resolve bottlenecks, and maintain timely communication throughout the project lifecycle.
- ✓ Facilitate high-level coordination with central, state, and local institutions to align project objectives with public policies and regional development priorities.
- ✓ Initiate and manage community outreach programs, information–education–communication (IEC) campaigns, and capacity-building activities, leveraging HLL's institutional relationships and government partnerships.
- ✓ Ensure that all sustainable project plans and outputs are consistent with the strategic vision and focus areas of the Sustainable Projects Division (SPD), including climate resilience, circular economy, and inclusive development.
- ✓ Evaluate proposals, designs, and implementation models submitted by the partner to confirm adherence to HLL's quality, financial, and sustainability standards.
- ✓ Exercise primary control over financial resource allocation, budget approvals, and procurement decisions when projects are supported by government or institutional funds.
- ✓ Maintain robust systems for fund disbursement, auditing, and compliance tracking in alignment with public financial management norms and internal corporate governance policies.

- ✓ Provide institutional branding, administrative backing, and documentation support to strengthen the credibility and legitimacy of the project in stakeholder engagements.
- ✓ Promote cross-sectoral integration and long-term scaling of successful sustainable project models by facilitating replication opportunities within HLL's operational and geographic footprint.

2.B Obligations of Partner

- ✓ Formulate and submit a well-structured, comprehensive business plan that addresses the specific objectives, scope, and expected outcomes of each sustainable project.
- ✓ Take the lead in securing all necessary statutory and regulatory approvals for project implementation, including environmental, safety, and construction clearances, in HLL's name or through an established consortium or joint venture structure.
- ✓ Carry out detailed market surveys, technical feasibility studies, and stakeholder consultations to support evidence-based project design and positioning.
- ✓ Participate actively in strategic planning, including the architectural layout, engineering design, and phased execution strategy of the project.
- ✓ Facilitate the seamless transfer and site-specific adaptation of relevant sustainable technologies, ensuring they are technically and operationally viable.
- ✓ Develop and institutionalize standard operating procedures (SOPs), quality control frameworks, and environmental performance indicators from the initial project phase.
- ✓ Identify and pursue new business leads in both the public and private sectors, with a focus on sectors aligned with the thematic areas as mentioned in category.
- ✓ Lead the preparation of technical documentation, progress reports, and impact evaluations, ensuring regular and transparent reporting to HLL and relevant stakeholders.
- ✓ Provide expert guidance and on-ground implementation support across all project components, including planning, execution, troubleshooting, and optimization.
- ✓ Incorporate innovative, smart, and digital technologies—such as IoT, automation, and analytics—for improved system performance, monitoring, and decision-making.
- ✓ Comply with all applicable environmental, labour, safety, and social safeguard standards throughout the project implementation lifecycle, adhering to both national laws and international best practices.

3. SCOPE

Category - 1:- Renewable Energy Solutions

Renewable energy refers to energy derived from natural sources that are replenished constantly, such as sunlight, wind, water, biomass, and geothermal heat. Unlike fossil fuels, which are finite and contribute to environmental degradation, renewable energy sources offer a clean, sustainable alternative that supports long-term energy security and climate stability. **Solar power** harnesses energy from the sun using photovoltaic panels or solar thermal systems. It is widely used in both rooftop and ground-mounted installations across residential, commercial, and institutional settings. **Wind energy** converts the kinetic energy of wind into electricity using turbines and is particularly effective in open, high-wind areas.

Bioenergy involves the conversion of organic materials—such as agricultural residues, sewage, and food waste—into usable energy forms like biogas, bio-CNG, or biofuels. This not only generates clean energy but also addresses waste management challenges.

Small-scale hydroelectric power and **micro wind turbines** are valuable options for localized, off-grid applications, especially in rural and hilly regions. **Green hydrogen**, produced using renewable electricity through electrolysis, is an emerging clean energy carrier with applications in backup power systems, transport, and industry. Advanced innovations like **hybrid energy systems**, **energy storage solutions**, and **IoT-based monitoring** are enhancing the efficiency, reliability, and integration of renewable energy into existing infrastructure. The shift towards renewable energy is critical for reducing greenhouse gas emissions, combating climate change, and promoting a sustainable, low-carbon future.

- ❖ **Category 1.1 – Solar Energy Systems:** Rooftop or ground-mounted PV systems with on-grid, off-grid, or hybrid options, integrating storage and IoT monitoring.
- ❖ **Category 1.2 – Biogas Plants:** Scalable biogas plants using organic waste with detailed O&M support and compliance with safety norms.
- ❖ **Category 1.3 – Bio-CNG Plants:** Bio-CNG systems using sewage and organic waste, with clear specs on technology, emissions, and energy output.
- ❖ **Category 1.4 – Green Hydrogen Plants:** Renewable-powered hydrogen systems for institutional or utility-scale backup, including safety and tech details.
- ❖ **Category 1.5 – Small Hydro Power Projects:** Mini hydro plants at suitable sites like canal drops, with full design and site condition requirements.

- ❖ **Category 1.6 – Wind Energy Projects:** Wind turbine systems, including hybrid solar-wind setups, with details on models, capacity, and experience.
- ❖ **Category 1.7 – Other Renewable Energy Focus Areas:** Innovative or emerging renewable energy solutions not listed above, proposed with relevant technical and impact details.

3.1 Schedule of Category 1.1 – Solar Energy Systems

The prospective partner shall be:

- 3.1.1 Capable of designing and engineering rooftop or ground-mounted photovoltaic (PV) solar systems, tailored to specific site conditions and energy requirements.
- 3.1.2 Able to install on-grid, off-grid, or hybrid solar power systems, as per project needs and regulatory norms.
- 3.1.3 Proficient in integrating battery energy storage systems (BESS) with solar setups to ensure energy reliability and load management.
- 3.1.4 Experienced in deploying Internet of Things (IoT)-enabled monitoring and control systems for real-time performance tracking, fault detection, and energy analytics.
- 3.1.5 Competent in conducting site surveys, load assessments, and shadow analysis for optimal system design.
- 3.1.6 Skilled in preparing and obtaining statutory approvals and clearances from local authorities, electrical inspectors, and other relevant authorities.
- 3.1.7 Able to supply and install solar modules, inverters, mounting structures, charge controllers, and all necessary balance of system (BoS) components.
- 3.1.8 Equipped to perform testing, commissioning, and grid synchronization in compliance with national and international standards.
- 3.1.9 Capable of delivering operation and maintenance (O&M) services, including periodic inspections, cleaning, repairs, and system performance optimization.
- 3.1.10 Knowledgeable in implementing net metering or gross metering systems as applicable under state-specific renewable energy policies.
- 3.1.11 Experienced in project documentation, warranty handling, AMC contracts, and training end-users or facility managers.
- 3.1.12 Adaptable at working in diverse environments including educational institutions, healthcare facilities, commercial buildings, and rural areas.
- 3.1.13 Capable of ensuring any other relevant guidelines or requirements as stipulated by

regulatory or statutory bodies from time to time related to above category.

3.2 Schedule of Category 1.2 – Biogas Plants

The prospective bidder shall be:

- 3.2.1 Capable of designing and engineering scalable biogas plants suitable for decentralized or centralized waste-to-energy applications.
- 3.2.2 Able to utilize organic waste from kitchens, markets, institutions, or agricultural sources as feedstock for anaerobic digestion.
- 3.2.3 Experienced in selecting and installing appropriate digester technology (fixed dome, floating drum, balloon type, prefabricated, or modular) based on project scale and site conditions.
- 3.2.4 Skilled in setting up biogas purification and bottling units, where required, to upgrade raw biogas to usable fuel-grade quality.
- 3.2.5 Competent in integrating biogas-based power generation units or dual-fuel engines for electricity and heat generation.
- 3.2.6 Proficient in handling and utilizing slurry/digestate as bio-manure, ensuring zero-waste discharge.
- 3.2.7 Capable of ensuring compliance with safety standards and environmental regulations, including gas leak detection, pressure control, and fire safety norms.
- 3.2.8 Able to provide end-to-end installation, commissioning, and system testing as per technical standards and quality benchmarks.
- 3.2.9 Equipped to offer comprehensive operation and maintenance (O&M) services, including feedstock management, gas yield optimization, and preventive maintenance.
- 3.2.10 Knowledgeable in preparing project documentation, SOPs, safety manuals, and user training materials for operators and beneficiaries.
- 3.2.11 Experienced in obtaining statutory approvals from pollution control boards, local bodies, or other regulatory authorities, where applicable.
- 3.2.12 Demonstrated ability to monitor system performance remotely or on-site, and implement corrective actions as needed.
- 3.2.13 Proven experience in executing similar biogas projects, preferably under government or institutional frameworks.
- 3.2.14 Capable of ensuring any other relevant guidelines or requirements as stipulated by regulatory or statutory bodies from time to time related to above category.

3.3 Schedule of Category 1.3 – Bio-CNG Plants

The prospective bidder shall be:

- 3.3.1 Capable of designing and deploying Bio-CNG plants that process sewage, organic waste, or agro-residues using advanced anaerobic digestion technology.
- 3.3.2 Able to handle the complete value chain from feedstock preprocessing to Bio-CNG purification and compression.
- 3.3.3 Experienced in selecting and installing biogas purification technologies such as water scrubbing, PSA (Pressure Swing Adsorption), or membrane separation to meet fuel-grade standards.
- 3.3.4 Skilled in compressing and bottling Bio-CNG as per regulatory norms for transport and commercial use.
- 3.3.5 Capable of integrating systems for upgrading raw biogas to compressed Bio-CNG with defined specifications on methane content, calorific value, and purity.
- 3.3.6 Able to ensure energy output benchmarks, including volume of gas per ton of input and conversion efficiency metrics.
- 3.3.7 Demonstrated capability to meet emission control standards, including management of carbon dioxide, hydrogen sulphide, and other by-products.
- 3.3.8 Experienced in designing gas storage, distribution, and dispensing infrastructure, including cascades, pipelines, and filling stations if needed.
- 3.3.9 Knowledgeable in handling digestate and effluents in an environmentally compliant and resource-recoverable manner.
- 3.3.10 Capable of obtaining all necessary statutory and safety approvals from Petroleum and Explosives Safety Organisation (PESO), pollution control boards, and local authorities.
- 3.3.11 Proficient in providing detailed project documentation, including technology specifications, process flow diagrams, safety plans, and monitoring protocols.
- 3.3.12 Able to offer comprehensive O&M services, with skilled personnel for routine operation, maintenance, safety checks, and troubleshooting.
- 3.3.13 Demonstrated experience in executing Bio-CNG projects at institutional, municipal, or industrial scale, with verifiable outcomes.
- 3.3.14 Competent in deploying remote monitoring and SCADA systems for real-time performance tracking and analytics.
- 3.3.15 Capable of ensuring any other relevant guidelines or requirements as stipulated by regulatory or statutory bodies from time to time related to above category.

3.4 Schedule of Category 1.4 – Green Hydrogen Plants

The prospective bidder shall be:

- 3.4.1 Capable of designing and deploying green hydrogen generation systems.
- 3.4.2 Able to install and operate electrolyser systems (alkaline, PEM, or SOEC) with capacities ranging from 10 Nm³/hr (small-scale) to 1,000 Nm³/hr (utility-scale) based on project requirements.
- 3.4.3 Experienced in integrating solar PV or wind systems (50 kW – 2 MW) with electrolyzers to ensure continuous green hydrogen production.
- 3.4.4 Proficient in implementing water purification systems (RO/DM units) to provide feedwater of required quality for process.
- 3.4.5 Capable of managing hydrogen compression, storage (350–700 bar), and dispensing systems, adhering to safety and efficiency standards.
- 3.4.6 Demonstrated ability to maintain hydrogen purity levels $\geq 99.99\%$ for fuel cell or industrial use.
- 3.4.7 Able to provide technology specifications and performance benchmarks, including:
 - ❖ Electrolyser efficiency: $>70\%$ (HHV basis)
 - ❖ Specific energy consumption: < 55 kWh/kg H₂
 - ❖ Hydrogen production rate: ~ 20 kg/day to 500 kg/day
- 3.4.8 Competent in ensuring compliance with national and international safety norms, such as NFPA, ISO 19880, and PESO guidelines for handling and storing hydrogen.
- 3.4.9 Skilled in developing backup energy solutions using hydrogen fuel cells or hybrid systems for institutional or utility-scale applications.
- 3.4.10 Able to provide detailed technical documentation, including process flow diagrams (PFD), P&IDs, HAZOP reports, and safety manuals.
- 3.4.11 Capable of delivering SCADA-enabled remote monitoring systems for real-time performance tracking, alarms, and control.
- 3.4.12 Experienced in executing end-to-end project implementation, including civil works, commissioning, training, and handover.
- 3.4.13 Equipped to offer long-term operation and maintenance (O&M) support, including performance guarantees and spare parts management.
- 3.4.14 Proven experience in executing at least one green hydrogen or similar advanced renewable energy project, preferably for government or institutional clients.
- 3.4.15 Capable of ensuring any other relevant guidelines or requirements as stipulated by regulatory or statutory bodies from time to time related to above category.

3.5 Schedule of Category 1.5 – Small Hydro Power Projects

The prospective bidder shall be:

- 3.5.1 Capable of identifying and evaluating suitable sites for small hydro projects such as canal drops, dam toe outlets, weirs, and natural streams.
- 3.5.2 Able to conduct detailed hydrological and topographical surveys, including flow analysis, head measurement, and seasonal variation studies.
- 3.5.3 Experienced in designing mini and small hydro systems in the capacity range of 100 kW to 10 MW, depending on site potential and utility requirements.
- 3.5.4 Skilled in preparing Detailed Project Reports (DPRs) including techno-economic feasibility, environmental impact assessments, and project planning.
- 3.5.5 Proficient in selecting and installing appropriate turbine types (Pelton, Kaplan, Francis, cross-flow, or bulb turbines) based on head and flow conditions.
- 3.5.6 Capable of designing and constructing civil works such as intake structures, forebays, penstocks, powerhouse buildings, tailrace channels, and control rooms.
- 3.5.7 Experienced in installing and commissioning electromechanical components, including generators, governors, control panels, transformers, and switchgear.
- 3.5.8 Knowledgeable in grid integration and synchronization of generated power, including installation of protection systems and metering infrastructure.
- 3.5.9 Able to ensure compliance with statutory requirements, including water resource approvals, forest clearances, pollution control board permissions, and CEA certifications.
- 3.5.10 Capable of developing run-of-river and low-head hydro schemes with minimal ecological disruption and high operational efficiency.
- 3.5.11 Equipped to install SCADA-based remote monitoring and automation systems for operational efficiency and fault detection.
- 3.5.12 Proficient in conducting testing, commissioning, and performance validation of the hydro plant as per national standards.
- 3.5.13 Experienced in delivering operation and maintenance (O&M) services, including spare part provisioning, periodic inspection, and generation optimization.
- 3.5.14 Proven experience in implementing at least one small hydro project under institutional, municipal, or government schemes.
- 3.5.15 Capable of providing training to local staff or community operators for safe and sustainable operation of the hydro system.
- 3.5.16 Capable of ensuring any other relevant guidelines or requirements as stipulated by regulatory or statutory bodies from time to time related to above category.

3.6 Schedule of Category 1.6 – Wind Energy Projects

The prospective bidder shall be capable of:

- 3.6.1 Design and implementation of wind energy systems, including standalone wind turbines and integrated hybrid solar-wind solutions.
- 3.6.2 Completion of wind resource assessments through detailed anemometry studies, site analysis, and energy yield projections.
- 3.6.3 Supply and installation of wind turbines ranging from micro (≤ 10 kW) to utility-scale models (up to 2.5 MW per unit), tailored to specific site conditions.
- 3.6.4 Selection of suitable turbine technologies (horizontal or vertical axis) aligned with local wind profiles and project requirements.
- 3.6.5 Execution of associated civil and electrical works, including turbine foundations, tower erection, internal wiring, and power evacuation infrastructure.
- 3.6.6 Integration of hybrid renewable energy systems that combine wind turbines with solar photovoltaic arrays and energy storage units.
- 3.6.7 Implementation of grid-connected solutions, with synchronization, load balancing, and metering systems in compliance with utility standards.
- 3.6.8 Adherence to relevant technical standards and regulatory norms, including MNRE guidelines, IEC certifications, and state-level policies.
- 3.6.9 Procurement of necessary statutory clearances from competent authorities, state nodal agencies, and aviation or environmental authorities as applicable.
- 3.6.10 Deployment of SCADA-based systems for real-time performance monitoring, remote diagnostics, and operational control.
- 3.6.11 Provision of comprehensive O&M services, including preventive and corrective maintenance, performance optimization, and spare parts management.
- 3.6.12 Completion of wind energy projects across varied terrain and environments, such as institutional campuses, coastal zones, and off-grid locations.
- 3.6.13 Preparation of detailed project documentation, including turbine specifications, safety protocols, commissioning certificates, and energy reports.
- 3.6.14 Demonstrated project experience in similar wind or hybrid energy installations under public, private, or government-supported programs.
- 3.6.15 Facilitation of training and knowledge transfer to client personnel or local operators for efficient and safe system operation.
- 3.6.16 Capable of ensuring any other relevant guidelines or requirements as stipulated by regulatory or statutory bodies from time to time related to above category.

3.7 Schedule of Category 1.7 – Other Renewable Energy Focus Areas

The prospective bidder shall be capable of:

- 3.7.1 Design and development of innovative or emerging renewable energy solutions beyond conventional solar, wind, hydro, biogas, and hydrogen systems.
- 3.7.2 Deployment of technologies such as tidal energy, wave energy, geothermal systems, biomass gasification, advanced waste-to-energy systems, or algal biofuels.
- 3.7.3 Integration of renewable technologies with smart grids, microgrids, or energy storage systems to enhance reliability and scalability.
- 3.7.4 Presentation of clearly defined technical specifications, including energy output estimates, efficiency parameters, and system components.
- 3.7.5 Demonstration of technology readiness levels (TRLs) with evidence of prototypes, pilot projects, or commercial deployments.
- 3.7.6 Compliance with relevant national and international safety, environmental, and performance standards applicable to the proposed technology.
- 3.7.7 Identification of use cases with measurable social, environmental, or economic impact, particularly in underserved or high-need areas.
- 3.7.8 Provision of life-cycle assessments, carbon reduction potential, and resource optimization metrics for proposed solutions.
- 3.7.9 Integration of IoT, AI, or other digital tools for monitoring, analytics, and remote control where applicable.
- 3.7.10 Availability of documentation such as feasibility studies, design reports, impact assessments, and technical datasheets.
- 3.7.11 Evidence of field experience or demonstrable expertise in implementing the proposed technology at pilot, demonstration, or commercial scale.
- 3.7.12 Mechanisms for stakeholder engagement, local capacity building, and training to ensure sustainable project operation.
- 3.7.13 Support for long-term operation and maintenance, including service plans, troubleshooting frameworks, and availability of spare parts.
- 3.7.14 Flexibility to adapt and scale the technology based on site-specific needs, regulatory environments, and evolving energy demands.
- 3.7.15 Capable of ensuring any other relevant guidelines or requirements as stipulated by regulatory or statutory bodies from time to time related to above category.

4. EXTENSION OF TIME

4.1 If the (*Selected Party*) requires extension of time, they shall intimate in writing to HLL within 10 days of the occurrence of such hindrance/delay.

4.2 HLL after satisfying himself about the reasonableness of grounds, may grant extension of time as in his opinion be justified and communicate the same in writing. (The decision of HLL shall be final and binding). Whenever such extension of time is granted, it would be without prejudice to the rights of HLL. Any extension of time granted as stated above shall neither entitle the (*Selected Party*) to any claim for increase in their fees nor shall it release him from any of the obligations under the said agreement.

SECTION – VII

QUALITY CONTROL REQUIREMENTS

1. All activities undertaken by the empanelled partners shall adhere to predefined quality benchmarks and technical specifications as outlined by HLL for each specific project.
2. The partners must implement internal quality assurance protocols across collection, storage, transportation, recycling, and material transformation processes to ensure consistency and compliance.
3. Periodic inspections, sampling, and testing of materials / operations shall be carried out either by HLL or designated third-party agencies to verify adherence to quality and safety standards.
4. Documentation of quality checks, including photographs, batch records, and inspection reports, must be maintained and submitted as part of regular project reporting.
5. Any deviation from agreed quality parameters may lead to corrective action, withholding of payments, or disqualification from future engagements under the empanelment.

FORM – D: PRE-CONTRACT INTEGRITY PACT

All bidders are bound to comply with the integrity pact clauses. Bids submitted without signing the integrity pact will be ab initio rejected without assigning any reason. This **Pre-Contract Integrity Pact** (herein after called the Integrity Pact) is made on of the month of

Between

HLL Lifecare Ltd. a Government of India Enterprise with registered office at HLL Bhavan, Poojappura, Thiruvananthapuram 695 012, Kerala, India. (Hereinafter called “HLL”, which expression shall mean and include, unless the context otherwise requires, his successors in office and assigns) of the First Party.

And

M/s with office atrepresented by Shri ,
Designation (hereinafter called the “Bidder/Seller”/Contractor/Agent which expression shall mean and include, unless the context otherwise requires, his successors and permitted assigns) of the Second Party.

Both HLL and Bidder referred to above are jointly referred to as the Parties.

PREAMBLE

HLL intends to award, under laid down organizational procedures, Purchase orders / contract/s against Tender /Work Order /Purchase Order Number. HLL desires full compliance with all relevant laws and regulations, and the principles of economic use of resources, and of fairness and transparency in its relations with its Bidder/s and Contractor/s.

NOW, THEREFORE,

To avoid all forms of corruption by following a system that is fair, transparent and free from any influence/prejudiced dealings prior to, during and subsequent to the currency of the contract to be entered into with a view to:-

1. Enable HLL to obtain the desired materials/ stores/equipment/ work/ project with the defined specifications by avoiding the high cost and the distortionary impact of corruption on public procurement; and

2.Enable the Bidder to abstain from bribing or indulging in any corrupt practice in order to secure the contract by providing assurance to them that their competitors will also abstain from bribing and other corrupt practices and HLL will commit to prevent corruption, in any form, by its officials by following transparent procedures.

The parties hereto hereby agree to enter into this Integrity Pact and agree as follows:

Clause No. 1 : Commitments of HLL

1.1 HLL undertakes that HLL and/or its Associates (i.e. employees, agents, consultants, advisors, etc.) will not demand, take a promise for or accept, directly or through intermediaries, any bribe, consideration, gift, reward, favour or any material or immaterial benefit or any other advantage from the bidder, either for themselves or for any person, organization or third party related to the contract in exchange for an advantage in the bidding process, bid evaluation, contracting or implementation process related to the contract.

1.2 HLL will, during the tender process / pre-contract stage, treat all BIDDERS with equity and reason, and will provide to all BIDDERS the same information and will not provide any such information or additional information, which is confidential in any manner, to any particular BIDDER which could afford an advantage to that particular BIDDER in comparison to other BIDDERS in relation to tendering process or during the contract execution.

1.3 All the officials of HLL will report to IEM, any attempted or completed breaches of the above commitments as well as any substantial suspicion of such a breach.

1.4 HLL will exclude from the process all known prejudiced persons and persons who would be known to have a connection or nexus with the prospective bidder.

1.5 If the BIDDER reports to HLL with full and verifiable facts any misconduct on the part of HLL's Associates (i.e. employees, agents, consultants, advisors, etc.) and the same is prima facie found to be correct by HLL, necessary disciplinary proceedings, or any other action as deemed fit, including criminal proceedings may be initiated by HLL. Further, such an Associate may be debarred from further dealings related to the contract process. In such a case, while an enquiry is being conducted by HLL the proceedings under the contract would not be stalled.

Clause 2. Commitments of BIDDERS/ CONTRACTOR

The BIDDER commits itself to take all measures necessary to prevent corrupt practices, unfair means and illegal activities during any stage of its bid or during any pre-contract or post-contract stage in order to secure the contract or in furtherance to secure it and in particular commit itself to the following:-

2.1 The BIDDER will not offer, directly or indirectly (i.e. employees, agents, consultants, advisors, etc.) any bribe, gift, consideration, reward, favour, any material or immaterial benefit or other advantage, commission, fees, brokerage or inducement to any official of HLL, connected directly or indirectly with the bidding process, or to any person, organization or third party related to the contract in exchange for any advantage in the bidding, evaluation, contracting and implementation of the contract.

2.2 The BIDDER further undertakes that it has not given, offered or promised to give, directly or indirectly any bribe, gift, consideration, reward, favour, any material or immaterial benefit or other advantage, commission, fees, brokerage or inducement to any official of HLL or otherwise in procuring the contract or forbearing to do or having done any act in relation to obtaining or execution of the contract or any other contract with the Government for showing or forbearing to show favour or disfavor to any person in relation to the contract or any other contract with the Government.

2.3 The BIDDER will not engage in collusion, price fixing, cartelization, etc. with other counterparty(s).

2.4 The counterparty will not pass to any third party any confidential information entrusted to it, unless duly authorized by HLL.

2.5 The counterparty will promote and observe ethical practices within its Organization and its affiliates

2.6 BIDDER shall disclose the name and address of agents and representatives and Indian BIDDERS shall disclose their foreign principals or associates.

2.7 The counterparty will not make any false or misleading allegations against HLL or its Associates.

2.8 BIDDERS shall disclose the payments to be made by them to agents/brokers or any other intermediary, in connection with this bid/contract.

2.9 The BIDDER further confirms and declares to HLL that the BIDDER is the original manufacture/integrator/authorized government sponsored export entity of the defense stores and has not engaged any individual or firm or company whether Indian or foreign to intercede, facilitate or in any way to recommend to HLL or any of its functionaries, whether officially or unofficially to award the contract to the BIDDER, nor has any amount been paid, promised or intended to be paid to any such individual, firm or company in respect of any such intercession, facilitation or recommendation.

2.10 The BIDDER while presenting the bid or during pre-contract negotiations or before signing the contract, shall disclose any payments he has made, is committed to or intends to make to officials of HLL or their family members, agents, brokers or any other intermediaries in connection with the contract and the details of services agreed upon for such payments.

2.11 The BIDDER will not accept any advantage in exchange for any corrupt practice, unfair means and illegal activities.

2.12 The BIDDER commits to refrain from giving any complaint directly or through any other manner without supporting it with full and verifiable facts.

2.13 If the BIDDER or any employee of the BIDDER or any person acting on behalf of the BIDDER, either directly or indirectly, is a relative of any of the officers of HLL, or alternatively, if any relative of an officer of HLL has financial interest/stake in the BIDDER's firm, the same shall be disclosed by the BIDDER at the time of filing of tender. The term 'relative' for this purpose would be as defined in Section 6 of the Companies Act 1956.

2.14 The BIDDER shall not lend to or borrow any money from or enter into any monetary dealings or transactions, directly or indirectly, with any employee of HLL.

2.15 The BIDDER will not collude with other parties interested in the contract to impair the transparency, fairness and progress of the bidding process, bid evaluation, contracting and implementation of the contract, and will not enter into any undisclosed agreement or understanding with other Bidders, whether formal or informal. This applies in particular to specifications, certifications, subsidiary contracts, submission or non-submission of bids or any other actions to restrict competitiveness or to introduce cartelization in the bidding process.

2.16 The BIDDER will not commit any offence under the relevant Indian Penal Code, 1860 or Prevention of Corruption Act, 1988; further the Bidder(s)/ Contractor(s) will not use improperly, for purposes of competition or personal gain, or pass on to others, any information or document provided by the HLL as part of the business relationship, regarding plans, technical proposals and business details, including information contained or transmitted electronically. The BIDDER also undertakes to exercise due and adequate care lest any such information is divulged.

2.17 The BIDDER will not instigate third persons to commit offences outlined above or be an accessory to such offences.

2.18 The Bidder(s)/Contractors(s) of foreign origin shall disclose the name and address of the Agents/representatives in India, if any. Similarly, the Bidder(s)/Contractors(s) of Indian Nationality shall furnish the name and address of the foreign Principal(s), if any.

2.19 The Bidder(s) shall not approach the courts while representing the matters to IEM and the Bidder(s) will await their decision in the matter.

Clause.3. Previous contravention and Disqualification from tender process and exclusion from future contracts

3.1 The BIDDER declares that no previous contravention occurred in the last three years immediately before signing of this Integrity Pact, with any other company in any country in respect of any corrupt practices envisaged hereunder or with any Public Sector Enterprise in India or any Government Department in India that could justify BIDDER's exclusion from the tender process

3.2 The BIDDER agrees that if it makes incorrect statement on this subject, BIDDER can be disqualified from the tender process or the contract, if already awarded, can be terminated for such reason. If BIDDER before award or during execution has committed a contravention through a violation of Clause 2, above or in any other form such as to put his reliability or credibility in question, HLL is entitled to disqualify the BIDDER from the tender process.

Clause.4. Equal treatment of all Bidders / Contractors / Subcontractors

4.1 The Bidder(s)/ Contractor(s) undertake(s) to demand from his Subcontractors a commitment in conformity with this Integrity Pact.

4.2 HLL will enter into agreements with identical conditions as this one with all Bidders and Contractors.

4.3 HLL will disqualify from the tender process all bidders who do not sign this Pact or violate its provisions.

Clause.5. Consequences of Violation / Breach

5.1 Any breach of the aforesaid provision by the BIDDER or any one employed by it or acting on its behalf (whether with or without the knowledge of the BIDDER) shall entitle HLL to take all or any one of the following action, wherever required: -

i. To immediately call off the pre-contract negotiations without assigning any reason or giving any compensation to the

BIDDER. However, the proceedings with the other BIDDER(s) would continue.

ii. If BIDDER commits violation of Integrity Pact Policy during bidding process, he shall be liable to compensate HLL by way of liquidated damages amounting to a sum equivalent to 5% to the value of the offer or the amount equivalent to Earnest Money Deposit, whichever is higher.

iii. To immediately cancel the contract, if already signed, without giving any compensation to the BIDDER.

iv. To recover all sums already paid by HLL, and in case of an Indian BIDDER with interest thereon at 2% higher than the prevailing Prime Lending Rate of State Bank of India, while in case of a BIDDER from a country other than India with interest thereon at 2% higher than the LIBOR. If any outstanding payment is due to the BIDDER from HLL in connection with any other contract for any other stores, such outstanding payment could also be utilized to recover the aforesaid amount.

v. To en-cash the advance bank guarantee and performance guarantee /warranty bond, if furnished by the BIDDER, in order to recover the payments already made by HLL, along with interest.

vi. To cancel all or any other contract with the BIDDER. The BIDDER shall be liable to pay compensation for any loss or damage to HLL resulting from such cancellation/recession and HLL shall be entitled to deduct the amount so payable from the money(s) due to the BIDDER.

vii. To debar the BIDDER from participating in future bidding processes of HLL for a minimum period of five (5) years, which may be further extended at the discretion of HLL or until Independent External Monitors is satisfied that the Counterparty will not commit any future violation.

viii. To recover all sums paid in violation of this Pact by BIDDER(s) to any middleman or agent or broker with a view to securing the contract.

ix. In cases where irrevocable Letters of credit have been received in respect of any contract signed by HLL with the BIDDER, the same shall not be opened.

x. Forfeiture of performance guarantee in case of a decision by HLL to forfeit the same without assigning any reason for imposing sanction for violation of the pact.

5.2 HLL will be entitled to all or any of the actions mentioned in para 5.1(i) to (x) of this pact also on the commission by the BIDDER or any one employed by it or acting on its behalf (whether with or without the knowledge of the BIDDER), of an offence as defined in Chapter IX of the Indian Penal Code, 1860 or Prevention of Corruption Act, 1988 or any other statute enacted for prevention of corruption.

5.3 The decision of HLL to the effect that a breach of the provisions of this Pact has been committed by the BIDDER shall be final and conclusive on the BIDDER. However, the BIDDER can approach the Independent External Monitor(s) appointed for the purposes of this Pact.

Clause.6. Fall Clause – NOT APPLICABLE FOR THIS EOI

The BIDDER undertakes that it has not supplied/is not supplying similar product/systems or subsystems OR providing similar services at a price / charge lower than that offered in the present bid in respect of any other Ministry/Department of the Government of India or PSU and if it is found any stage that similar product/systems or sub systems was supplied by the BIDDER to any to the Ministry/Department of the Government of India or a PSU at a lower price, then that very price, with due allowance for elapsed time will be applicable to the present case and the difference in the cost would be refunded by the BIDDER to HLL, if the contract has already been concluded.

Clause .7. Independent External Monitor(s)

7.1 HLL has appointed Shri P. Mallikharjuna Rao, IFoS (Retd.), as Independent External Monitor(s) (hereinafter referred to as IEM(s)) for this Pact in consultation with the Central Vigilance Commission. Contact details of IEM is as below:

Shri P. Mallikharjuna Rao, IFoS (Retd.) Independent External Monitor
(IEM) Office: HLL Lifecare Limited, HLL Bhavan, Poojappura,
Thiruvananthapuram 695 012, Kerala

Email: iemhll@lifecarehll.com

7.2 The responsibility of the IEM(s) shall be to review independently and objectively whether and to what extent the parties comply with the obligations under this Pact.

7.3 The IEM(s) shall not be subject to instructions by the representatives of the parties and perform their functions neutrally and independently.

7.4 Both the parties accept that the IEM(s) have the right to access all the documents relating to the project/ procurement, including minutes of meetings.

7.5 As soon as the IEM(s) notices, or has reason to believe, a violation of this pact, he will so inform the CEO/CMD.

7.6 The BIDDER(S) accepts that the IEM(s) have the right to access without restriction to all project documentation of HLL including that provided by the BIDDER. The BIDDER will also grant the IEM(s), upon his request and demonstration of a valid interest, unrestricted and unconditional access to his project documentation. The same is applicable to subcontractors engaged by the BIDDER. The IEM(s) shall be under contractual obligation to treat the information and documents of the BIDDER/ Subcontractor(s) with confidentiality.

7.7 HLL will provide to the IEM(s) sufficient information about all meetings among the parties related to the Project provided such meeting could have an impact on the contractual relation between the parties. The parties will offer to the IEM(s) option to participate in such meetings.

7.8 The IEM(s) will submit a written report to the CEO/CMD of HLL within 8 to 10 weeks from the date of reference or intimation to him by HLL/BIDDER and, should consent arise, submit proposals for correcting problematic situations.

Clause.8. Criminal charges against violating Bidder(s)/ Contractor(s)/ Subcontractor(s)

If HLL obtains knowledge of conduct of a Bidder, Contractor or Subcontractor, or of an employee or a representative or an associate of a Bidder, Contractor or Subcontractor which constitutes corruption, or if HLL has substantive suspicion in this regard, HLL will inform the same to the Chief Vigilance Officer.

Clause.9. Facilitation of Investigation

In case of any allegation of violation of any provisions of this Pact or payment of commission, HLL or its agencies shall be entitled to examine all the documents, including the Books of Accounts of the BIDDER and the BIDDER shall provide necessary information and documents in English and shall extend all possible help for the purpose of such examination.

Clause.10. Law and Place of Jurisdiction

Both the Parties agree that this Pact is subject to Indian Law. The place of performance and hence this Pact shall be subject to Thiruvananthapuram Jurisdiction.

Clause.11. Other legal Actions

The actions stipulated in the Integrity Pact are without prejudice to any other legal action that may follow in accordance with the provisions of the extant law in force relating to any civil or criminal proceedings.

Clause.12. Validity and Duration of the Agreement

This Pact begins when both parties have legally signed it. APPENDIX – A

No. P-45021/2/2017-B.E.-II
Government of India
Ministry of Commerce and Industry
Department of Industrial Policy and Promotion

Dated 15th June, 2017
Udyog Bhawan, New Delhi

To

All Central Ministries/Departments/CPSUs/All concerned

ORDER

Subject: Public Procurement (Preference to Make in India), Order 2017

Whereas it is the policy of the Government of India to encourage 'Make in India' and promote manufacturing and production of goods and services in India with a view to enhancing income and employment, and

Whereas procurement by the Government is substantial in amount and can contribute towards this policy objective, and

Whereas local content can be increased through partnerships, cooperation with local companies, establishing production units in India or Joint Ventures (JV) with Indian suppliers, increasing the participation of local employees in services and training them,

Now therefore the following Order is issued :

1. This Order is issued pursuant to Rule 153 (iii) of the General Financial Rules 2017.
2. **Definitions:** For the purposes of this Order:

'Local content' means the amount of value added in India which shall, unless otherwise prescribed by the Nodal Ministry, be the total value of the item procured (excluding net domestic indirect taxes) minus the value of imported content in the item (including all customs duties) as a proportion of the total value, in percent.

'Local supplier' means a supplier or service provider whose product or service offered for procurement meets the minimum local content as prescribed under this Order or by the competent Ministries / Departments in pursuance of this order.

'L1' means the lowest tender or lowest bid or the lowest quotation received in a tender, bidding process or other procurement solicitation as adjudged in the evaluation process as per the tender or other procurement solicitation.

'margin of purchase preference' means the maximum extent to which the price quoted by a local supplier may be above the L1 for the purpose of purchase preference.

'Nodal Ministry' means the Ministry or Department identified pursuant to this order in respect of a particular item of goods or services.

.....Contd. p.2/-

-2-

'Procuring entity' means a Ministry or department or attached or subordinate office of, or autonomous body controlled by, the Government of India and includes Government companies as defined in the Companies Act.

3. **Requirement of Purchase Preference:** Subject to the provisions of this Order and to any specific instructions issued by the Nodal Ministry or in pursuance of this Order, purchase preference shall be given to local suppliers in all procurements undertaken by procuring entities in the manner specified hereunder:
- a. In procurement of goods in respect of which the Nodal Ministry has communicated that there is sufficient local capacity and local competition, and where the estimated value of procurement is Rs. 50 lakhs or less, only local suppliers shall be eligible. If the estimated value of procurement of such goods is more than Rs. 50 lakhs, the provisions of sub-paragraph b or c, as the case may be, shall apply.
 - b. In the procurements of goods which are not covered by paragraph 3a and which are divisible in nature, the following procedure shall be followed:
 - i. Among all qualified bids, the lowest bid will be termed as L1. If L1 is from a local supplier, the contract for full quantity will be awarded to L1.
 - ii. If L1 bid is not from a local supplier, 50% of the order quantity shall be awarded to L1. Thereafter, the lowest bidder among the local suppliers, will be invited to match the L1 price for the remaining 50% quantity subject to the local supplier's quoted price falling within the margin of purchase preference, and contract for that quantity shall be awarded to such local supplier subject to matching the L1 price. In case such lowest eligible local supplier fails to match the L1 price or accepts less than the offered quantity, the next higher local supplier within the margin of purchase preference shall be invited to match the L1 price for remaining quantity and so on, and contract shall be awarded accordingly. In case some quantity is still left uncovered on local suppliers, then such balance quantity may also be ordered on the L1 bidder.
 - c. In procurements of goods not covered by sub-paragraph 3a and which are not divisible, and in procurement of services where the bid is evaluated on price alone, the following procedure shall be followed:
 - i. Among all qualified bids, the lowest bid will be termed as L1. If L1 is from a local supplier, the contract will be awarded to L1.
 - ii. If L1 is not from a local supplier, the lowest bidder among the local suppliers, will be invited to match the L1 price subject to local supplier's quoted price falling within the margin of purchase preference, and the contract shall be awarded to such local supplier subject to matching the L1 price.
 - iii. In case such lowest eligible local supplier fails to match the L1 price, the local supplier with the next higher bid within the margin of purchase preference shall be invited to match the L1 price and so on and contract shall be awarded accordingly. In case none of the local suppliers within the margin of purchase preference matches the L1 price, then the contract may be awarded to the L1 bidder.

.....Contd. p.3/-

4. **Exemption of small purchases:** Notwithstanding anything contained in paragraph 3, procurements where the estimated value to be procured is less than Rs. 5 lakhs shall be exempt from this Order. However, it shall be ensured by procuring entities that procurement is not split for the purpose of avoiding the provisions of this Order.
5. **Minimum local content:** The minimum local content shall ordinarily be 50%. The Nodal Ministry may prescribe a higher or lower percentage in respect of any particular item and may also prescribe the manner of calculation of local content.
6. **Margin of Purchase Preference:** The margin of purchase preference shall be 20% .
7. **Requirement for specification in advance:** The minimum local content, the margin of purchase preference and the procedure for preference to Make in India shall be specified in the notice inviting tenders or other form of procurement solicitation and shall not be varied during a particular procurement transaction.
8. **Government E-marketplace:** In respect of procurement through the Government E-marketplace (GeM) shall, as far as possible, specifically mark the items which meet the minimum local content while registering the item for display, and shall, wherever feasible, make provision for automated comparison with purchase preference and without purchase preference and for obtaining consent of the local supplier in those cases where purchase preference is to be exercised.
9. **Verification of local content:**
 - a. The local supplier at the time of tender, bidding or solicitation shall be required to provide self-certification that the item offered meets the minimum local content and shall give details of the location(s) at which the local value addition is made.
 - b. In cases of procurement for a value in excess of Rs. 10 crores, the local supplier shall be required to provide a certificate from the statutory auditor or cost auditor of the company (in the case of companies) or from a practicing cost accountant or practicing chartered accountant (in respect of suppliers other than companies) giving the percentage of local content.
 - c. Decisions on complaints relating to implementation of this Order shall be taken by the competent authority which is empowered to look into procurement-related complaints relating to the procuring entity.
 - d. Nodal Ministries may constitute committees with internal and external experts for independent verification of self-declarations and auditor's/ accountant's certificates on random basis and in the case of complaints.
 - e. Nodal Ministries and procuring entities may prescribe fees for such complaints.
 - f. False declarations will be in breach of the Code of Integrity under Rule 175(1)(i)(h) of the General Financial Rules for which a bidder or its successors can be debarred for up to two years as per Rule 151 (iii) of the General Financial Rules along with such other actions as may be permissible under law.
 - g. A supplier who has been debarred by any procuring entity for violation of this Order shall not be eligible for preference under this Order for procurement by any other procuring entity for the

..... Contd.p.4/-

-4-

duration of the debarment. The debarment for such other procuring entities shall take effect prospectively from the date on which it comes to the notice of other procurement entities, in the manner prescribed under paragraph 9h below.

- h. The Department of Expenditure shall issue suitable instructions for the effective and smooth operation of this process, so that:
 - i. The fact and duration of debarment for violation of this Order by any procuring entity are promptly brought to the notice of the Member-Convenor of the Standing Committee and the Department of Expenditure through the concerned Ministry /Department or in some other manner;
 - ii. on a periodical basis such cases are consolidated and a centralized list or decentralized lists of such suppliers with the period of debarment is maintained and displayed on website(s);
 - iii. in respect of procuring entities other than the one which has carried out the debarment, the debarment takes effect prospectively from the date of uploading on the website(s) in the such a manner that ongoing procurements are not disrupted.

10. Specifications in Tenders and other procurement solicitations:

- a. Every procuring entity shall ensure that the eligibility conditions in respect of previous experience fixed in any tender or solicitation do not require proof of supply in other countries or proof of exports.
- b. Procuring entities shall endeavour to see that eligibility conditions, including on matters like turnover, production capability and financial strength do not result in unreasonable exclusion of local suppliers who would otherwise be eligible, beyond what is essential for ensuring quality or creditworthiness of the supplier.
- c. Procuring entities shall, within 2 months of the issue of this Order review all existing eligibility norms and conditions with reference to sub-paragraphs 'a' and 'b' above.
- d. If a Nodal Ministry is satisfied that Indian suppliers of an item are not allowed to participate and/ or compete in procurement by any foreign government, it may, if it deems appropriate, restrict or exclude bidders from that country from eligibility for procurement of that item and/ or other items relating to that Nodal Ministry. A copy of every instruction or decision taken in this regard shall be sent to the Chairman of the Standing Committee.
- e. For the purpose of sub-paragraph 10 d above, a supplier or bidder shall be considered to be from a country if (i) the entity is incorporated in that country, or ii) a majority of its shareholding or effective control of the entity is exercised from that country; or (iii) more than 50% of the value of the item being supplied has been added in that country. Indian suppliers shall mean those entities which meet any of these tests with respect to India."

..... Contd.p.5/-

-5-

11. **Assessment of supply base by Nodal Ministries:** The Nodal Ministry shall keep in view the domestic manufacturing / supply base and assess the available capacity and the extent of local competition while identifying items and prescribing minimum local content or the manner of its calculation, with a view to avoiding cost increase from the operation of this Order.
12. **Increase in minimum local content:** The Nodal Ministry may annually review the local content requirements with a view to increasing them, subject to availability of sufficient local competition with adequate quality.
13. **Manufacture under license/ technology collaboration agreements with phased indigenization:** While notifying the minimum local content, Nodal Ministries may make special provisions for exempting suppliers from meeting the stipulated local content if the product is being manufactured in India under a license from a foreign manufacturer who holds intellectual property rights and where there is a technology collaboration agreement / transfer of technology agreement for indigenous manufacture of a product developed abroad with clear phasing of increase in local content.
14. **Powers to grant exemption and to reduce minimum local content:** Ministries /Departments of Government of India and the Boards of Directors of Government companies or autonomous bodies may, by written order,
 - a. reduce the minimum local content below the prescribed level;
 - b. reduce the margin of purchase preference below 20% ;
 - c. exempt any particular item or procuring or supplying entities or class or classes of items or procuring or supplying entities from the operation of this Order or any part of the Order.

A copy of every such order shall be marked to the Member-Convenor of the Standing Committee constituted under this Order.
15. **Directions to Government companies:** In respect of Government companies and other procuring entities not governed by the General Financial Rules, the administrative Ministry or Department shall issue policy directions requiring compliance with this Order.
16. **Standing Committee:** A standing committee is hereby constituted with the following membership:
 - Secretary, Department of Industrial Policy and Promotion—Chairman
 - Secretary, Commerce—Member
 - Secretary, Ministry of Electronics and Information Technology—Member
 - Joint Secretary (Public Procurement), Department of Expenditure—Member
 - Joint Secretary (DIPP)—Member-Convenor

The Secretary of the Department concerned with a particular item shall be a member in respect of issues relating to such item. The Chairman of the Committee may co-opt technical experts as relevant to any issue or class of issues under its consideration.

..... Contd.p.6/-

-6-

17. **Functions of the Standing Committee:** The Standing Committee shall meet as often as necessary but not less than once in six months. The Committee
- shall oversee the implementation of this order and issues arising therefrom, and make recommendations to Nodal Ministries and procuring entities.
 - shall annually assess and periodically monitor compliance with this Order
 - shall identify Nodal Ministries and the allocation of items among them for issue of notifications on minimum local content
 - may require furnishing of details or returns regarding compliance with this Order and related matters
 - may, during the annual review or otherwise, assess issues, if any, where it is felt that the manner of implementation of the order results in any restrictive practices, cartelization or increase in public expenditure and suggest remedial measures
 - may examine cases covered by paragraph 13 above relating to manufacture under license/ technology transfer agreements with a view to satisfying itself that adequate mechanisms exist for enforcement of such agreements and for attaining the underlying objective of progressive indigenization
 - may consider any other issue relating to this Order which may arise.
18. **Removal of difficulties:** Ministries /Departments and the Boards of Directors of Government companies may issue such clarifications and instructions as may be necessary for the removal of any difficulties arising in the implementation of this Order.
19. **Ministries having existing policies:** Where any Ministry or Department has its own policy for preference to local content approved by the Cabinet after 1st January 2015, such policies will prevail over the provisions of this Order. All other existing orders on preference to local content shall be reviewed by the Nodal Ministries and revised as needed to conform to this Order, within two months of the issue of this Order.
20. **Transitional provision:** This Order shall not apply to any tender or procurement for which notice inviting tender or other form of procurement solicitation has been issued before the issue of this Order.
